

# TRANSFORMATIONAL CUSTOMER SERVICE

DEVELOPING PEOPLE TO GROW YOUR BUSINESS

The Transformational Customer Service course is designed to introduce the comprehensive elements of the customer service culture.

## What We Offer

In this one-day course, dealership personnel learn how to increase overall customer satisfaction which, in turn, grows the dealership. You will learn the essential customer service systems to manage the employee-customer interactions that increase dealership loyalty.

## How You Benefit

Taking control of your customer service processes will generate more of your own repeat and referral traffic. We provide the skills - you increase your competitive edge.

## Who Should Attend

Designed for every department within the dealership, this one-day course is specifically created for dealership parts, sales, service and other customer-facing areas of the dealership. As well, incorporate your management team and senior leaders, as top down change produces bottom up commitment.

**The best customer experience  
produces the best business results!**
